### US Status

Green card holder

I am a Software Engineer who lived in Los Angeles for 16 years and moved back to Japan on November 2020 because of the COVID-19 pandemic. I am specialized in building a responsive web application using React.js. I currently live in Tokyo and am looking for Front-End engineer position.

**FRONT-END (React):** <https://www.hirokoymj.com>

**BACK-END (GraphQL):** <https://hirokoymj-backend.herokuapp.com/>

**CODE SAMPLE:** <https://github.com/hirokoymj/hiroko-frontend>

### Work Experience (selected)

**HyreCar Inc.** (providing a driver and a car for Uber)

January 2019 – December 2020, Los Angeles, California, USA

#### Software Engineer (React/GraphQL)

- Developed HyreCar dashboard web application using React.js.
- Refactoring the dashboard app with React Hooks and Material UI.
- Collaborated other developers using Git and GitLab.

**Beachbody.com** (e-commerce company for a fitness)

December 2017 – September 2018, Santa Monica, California USA

#### Software Engineer (React)

- Created React components for Beachbody homepage such like an image slider.
- Built a responsive web page using twelve-columns grid system in Bootstrap3.

**Strategic Partners Inc.** (creating a medical fabric such as scrubs)

December 2016 – June 2017, Chatsworth, California, USA

#### Software Engineer (React)

- Converted a non-responsive web site to a responsive web site using 12-columns grid system in bootstrap 3.
- Set up Gulp.js to compile SASS to CSS in [www.dickiesmedical.com](http://www.dickiesmedical.com).
- Implemented local weather info using Open Weather Map API in an internal company website.

**Teleflora.com** (e-commerce company for a flower arrangement)

October 2009 – October 2016, Los Angeles, California, USA

#### Front End Web Developer

- Created a responsive web page for US national holidays every year.
- Built a sweepstakes form using PHP/MySQL and then implemented the final page in Teleflora.com e-commerce site.
- Updated Teleflora.com wedding page from Excel VBA.
- Worked closely with a web designer and a marketing team.

**MC Squared** (Advertisement-agency that is specialized in a real estate.)

September 2006 – November 2007, Los Angeles, California USA

#### Web Developer (PHP)

- Built CMS(Contents Management System) with PHP/MySQL so a client changes their website.
- Built a client website from scratch.

- Worked closely with web designers.

### Sony Electronics Inc. (Contractor)

July 2005 – July 2006, Santa Monica, California USA

#### **Web Developer (Java) - JDK v1.4**

- Built Sony Electronics Design Center website from scratch.
- Setup Sony Electronics Design Center blog app.

### Techfirm, Inc. (software development firm)

December 1998 – December 2002, Tokyo, Japan

#### **Software Engineer (Java) – JDK v1.4**

- Built the web application called *Web Café*, which was used in the opening ceremony in Hewlett Packard Ichigaya office.

## Education

### Santa Monica College - Certificate of Interactive Media

February 2004 - June 2005, Santa Monica, California, USA

### Yamawaki Gakuten Junior College - AA of Food Science

April 1989 – March 1991, Tokyo, Japan
